ALLOWANCE

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/29/05 has been entered.

Response to Amendment

2. Applicant's amendment was received on 9/29/05, and has been entered and made of record. Currently, **claims 1-12 and 14-16** are pending.

Specification

3. The corrected or substitute specification was received on 9/29/05. The specification is acceptable.

Drawings

4. The corrected or substitute drawings were received on 9/29/05. The drawings are acceptable.

Allowable Subject Matter

5. **Claims 1-12 and 14-16** are allowed. These claims will be renumbered as 1-15.

6. The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 11 defines an invention for simplifying a process of determining what output media size and image location on the output media will allow efficient post-print trimming to occur. The process of the post-print trimming occurs so that the printed image fills the entire output media. Although many prior art teach the full-bleed printing, as well as shifting and rotating images relative to output media, the prior art of record do not teach or suggest the limitation of the claimed method for automatically selecting a media size and a print area location on selected output media while accounting for a bleed margin requirement in order to make post-process trimming more efficient. The context of the claimed limitations is disclosed in figs. 2a & 2b.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Contact Information

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to CHAN S. PARK whose telephone number is (571) 272-7409. The examiner can normally be reached on M-F 8am-4:30pm.
